

Detroit Waldorf School
Media Release Form

Occasional photography, audio, and video recordings of various school and classroom activities are taken in the Detroit Waldorf School. The recordings might be used to promote the school in various media forms such as: publications, on the web, or community access cable. We have found other institutions interested in Waldorf education and we certainly want the public to know more about this unique form of education.

Please fill in the bottom portion of this release form and return it to the office no later than the first day of school.

The Detroit Waldorf School has my permission to use photos or audio/visual recordings in which my child appears.
